Cena didn't stop there, as he said that the whole cast of Fast & Furious 9 are "kind of like WWE Superstars in their own right", going on to compare the worlds of Fast & Furious and WWE ...

'Rewriting' is one of the most crucial but at the same time one of the most elusive concepts of literary scholarship. In order to contribute to a further reassessment of such a notion, this volume investigates a wide range of medieval and early modern literary transformations, especially focusing on texts (and contexts) of Italian and French Renaissance literature. The first section of the book, "Rewriting", gathers essays which examine medieval and early modern rewritings while also pointing out the theoretical implications raised by such texts. The second part, "Rewritings in Early Modern Literature", collects contributions which account for different practices of rewriting in the Italian and French Renaissance, for instance by analysing dynamics of repetition and duplication, verbatim reproduction and free reworking, textual production and authorial self-fashioning, alterity and identity, replication and multiplication. The volume strives at shedding light on the complexity of the relationship between early modern and ancient literature, perfectly summed up in the motto written by Pietro Aretino in a letter to his friend the painter Giulio Romano in 1542: "Essere modernamente antichi e anticamente moderni".

From the 14th until the 19th century the last novella of Boccaccio's Decameron, also known as the Griselda story, has been translated and adapted countless times in many European languages. This story's success can be explained by considering it a myth and analysing how this myth engages with contemporary discourses, such as the definition of the ideal wife, the querelle des femmes, the socio-political consequences of social exogamy, and tyranny.

As they look forward to the New York City Marathon in which their friend Mr. B. will run, the Vanderbeeker children learn that one of their good friends is homeless.

This Italian reference grammar provides students, teachers and others interested in the Italian language with a comprehensive, accessible and jargon-free guide to the forms and structure of Italian. Whatever their level of knowledge of the language, learners of Italian will find this book indispensable: it gives clear and detailed explanations of everything from the most elementary facts such as the relation between spelling and pronunciation, or the forms of the article, to more advanced points such as the various nuances of the subjunctive. Formal or archaic discourse is distinguished from informal, everyday usage, and regionalisms are also indicated where appropriate. The authors have taken care to make it an easy and illuminating reference tool: extensive cross-referencing enables readers to quickly find the information they require, and also stimulates them to discover new, related facts.

Using Italian Vocabulary provides the student of Italian with an in-depth, structured approach to the learning of vocabulary. It can be used for intermediate and advanced undergraduate courses, or as a supplementary manual at all levels - including elementary level - to supplement the study of vocabulary. The book is made up of twenty units covering topics that range from clothing and jewellery, to politics and environmental issues, with each unit consisting of words and phrases that have been organized thematically and according to levels so as to facilitate their acquisition. The book will enable students to acquire a comprehensive control of both concrete and abstract vocabulary allowing them to carry out essential communicative and interactional tasks. • A practical topic-based textbook that can be inserted into all types of course syllabi • Provides exercises and activities for classroom and self-study • Answers are provided for a number of exercises

This book explores the tangled relationship between literary production and epistemological foundation as exemplified in one of the masterpieces of Italian literature. Filippo Andrei argues that Giovanni Boccaccio's Decameron has a significant though concealed engagement with philosophy, and that the philosophical implications of its narratives can be understood through an epistemological approach to the text. He analyzes the influence of Dante, Petrarch, Thomas Aquinas, Aristotle, and other classical and medieval thinkers on Boccaccio's attitudes towards ethics and knowledge-seeking. Beyond providing an epistemological reading of the Decameron, this book also evaluates how a theoretical reflection on the nature of rhetoric and poetic imagination can ultimately elicit a theory of knowledge.

In 13th century Florence, the war between the Guelphs and Ghibellines is destroying entire families. Every corner of Tuscany has been drawn into the conflict, but little do the two sides realise their war is but a pale reflection of a battle between the mysterious inhabitants of the spirit world, lasting a thousand years. The spirit that guides the Cavalcanti family, Kabal, uses every any means at his disposal to make sure his family is not torn to shreds and eventually comes out on top. The true ace up his sleeve is the new head of his family, the warrior and poet Guido Cavalcanti. Guido is driven to seek an impossible peace as he strives to save his city and marry the girl he loves. He is helped by a young, exceptionally shy poet known as Dante Alighieri... It is a story of war, betrayal, intrigue and magic that is woven skilfully together to create a wondrous combination of historical accuracy and the fantastic world that lies behind human endeavour. "The Eternal War – Armies of Saints" is an innovative historical fantasy set against the backdrop of the Florence of the Divine Comedy. It has already conquered Italy and now, with the English translation, it is set to take the world.

Do you know Italian already and want to go a stage further? If you're planning a visit to Italy, need to brush up your Italian for work, or are simply doing a course, Colloquial Italian 2 is the ideal way to refresh your knowledge of the language and to extend your skills.
