against the corrupt leader of Sector Five. The only weak spot in his armor is his best friend's sweet younger sister--the girl he swore to save, even from himself. With her brother dead and a target on their backs, getting her out of the sector--and out of danger--meant giving her up for good. Or so he thought. Emma Cibulski has made her own home in Sector Four, as a full member of the O'Kane gang and apprentice to their infamous tattoo artist. When Noah--the first man she ever loved--stumbles back into her life, it's her chance to have it all. The spark between them burns hotter than ever, and this time her fantasies are far from innocent. But can they handle the heat...or will Noah's dark secrets drive them apart forever?

English Edition. James Foster knows the rules: you don't fall for your best friend's little sister. Nina is too young, too reckless, and too busy saving the world to be tied down by the commitment he craves. If he was smart, he'd stop wanting her. But she's the one thing on earth James just can't quit. Fierce. Principled. And impossible to resist. Political campaigner Nina Chapman is sick of one-time things. She wants forever, and she wants it with her brother's best friend—but James still sees her as a child to be coddled. So when a controversial article lands Nina in hot water, she finds herself under his protection and under his roof. It's a shame James doesn't want her in his bed, too. ...Or does he? Warning: this red-hot novella contains one radical leftist heroine, one over-protective

First published in 1985, the essays in this edited collection offer a representative sample of the descriptive and systematic approach to the study of literary translation. The book is a reflection of the theoretical thinking and practical research carried out by an international group of scholars who share a common standpoint. They argue the need for a rigorous scientific approach the

phenomena of translation – one of the most significant branches of Comparative Literature – and regard it as essential to link the study of particular translated texts with a broader methodological position. Considering both broadly theoretical topics and particular cases and traditions, this volume will appeal to a wide range of students and scholars across disciplines.

A powerful nineteenth-century French classic depicting the moral degeneration of a weak-willed woman

She's been looking for the perfect man. She found two. When Rachel Riley sacrificed a life in Eden to protect the O'Kanes, she earned her place in the powerful Sector Four gang. But the former crime princess is tired of being

everyone's sweet little sister . It's time for her to get wild, to embrace her fantasies as only an O'Kane can—with a delicious exiled soldier and the gang's wickedly sinful tattoo artist. A saint... Lorenzo Cruz is a warrior, taught by his commanding officers in Eden that involvement equals distraction. Emotion is a liability, and desire a sin. In Sector Four, he finds decadence, shameless sex—and his own dark urges. No battle strategy prepared him for how Rachel makes his heart race...or the way his rival for her affections sets his blood on fire. ...and a sinner. Ace Santana has a dirty reputation and a mind to match, especially where his new lovers are concerned. He's eager to help Cruz embrace his dominant side, and to explore the lines between pleasure and pain with Rachel. But corrupting

them quickly becomes an obsession, a need he can't deny—and a love he never imagined. Three hearts on the line means a hundred ways their ménage a trois could go wrong. After all, even O'Kanes do forever two-by-two. One of them could be the missing piece that makes them all whole...or a temporary diversion destined for a broken heart.

She's the sweet, gentle angel I've got no business wanting with every fiber of my being...and for some jacked-up reason, my best friend decides it's a good idea to hire me to be her bodyguard. After I somehow (miracle of miracles) manage to keep my hands off her for a few (torturous) months, she drops a bomb I just didn't see coming. Apparently, what she's secretly wanted for some time now is

one night with me--her first time, no less--while she still has a fraction of her deteriorating vision left. Hell, I don't know what the right thing to do here is. But what I do know is that protecting her isn't just a job for me anymore. And one night? That's damn sure not going to cut it. AUTHOR'S NOTE: This is my first hero-only POV book (so much fun!). Wake was just too deliciously growly and protective, I just had to get in his head for every chapter. The final three books in the bestselling, award-winning BEYOND series! BEYOND RUIN Adrian Maddox fled his royal life—and tragic past—in Sector One, choosing instead to join up with the O’Kanes. For years, he’s lived by one rule: love fast, love hard, and always be willing to walk away. He’s managed to guard his heart, keep it whole and untouched—until now. They couldn’t be more different—Dylan, the brilliant, burned-out doctor from Eden who drowns his pain with drugs and self-destruction. Scarlet, the sensuous, sexy rocker from Three, a woman unafraid to embrace the world. And Jade, the whore turned spy from Sector Two,

who battled addiction and came out stronger than anyone he's ever met. Separately, they make Mad long to open his heart, to tumble head-first into a sea of possibilities and wild love. Together, they make him burn, inside and out, with lust and unbearable, unimaginable pleasure. Then one fateful moment shakes their world to its foundations—and leaves the sectors on the verge of all-out war with Eden. It's the biggest fight the O'Kanes have ever faced, and Mad and his lovers are at the dead center of it. They could end up with everything they never knew they wanted—or lose it all. Including their lives. BEYOND ECSTASY The O'Kanes have a reputation for working hard and playing harder—except for Hawk. He joined the gang with one goal: to ensure his family's survival through

the impending war with Eden. It's been years since he had the luxury of wanting anything for himself. Now, he wants Jeni. From the first moment he saw her, he's been obsessed with making her his. Not for a night—forever. Jeni's been lusting after the former smuggler for months, but he keeps shutting her down. She's almost given up on getting him in her bed when he offers her the last thing she ever expected—a collar. Accepting it means belonging to him, body and soul. It's a reckless gamble, but Jeni can't resist the chance to slip under Hawk's armor. The only thing more shocking than the dark, dangerous pleasure they discover is how right it feels. But falling in love is even more reckless when forever is far from guaranteed. Because they aren't just at war, they're out of time—and every breath

could be their last. BEYOND

SURRENDER For years, Nessa has been focused on work. She keeps the whiskey—and the money—flowing, and life is sweet. Sure, she's tired of being everyone's baby sister, and she longs for a man who can stand up to her overprotective O'Kane brothers. But she never thought she'd meet him in the middle of a war. War is all Ryder knows. He was raised with one goal: to ensure the sectors' successful rebellion against Eden. His father and his mentor both died for freedom, and nothing will stop him from securing their legacies with victory. He doesn't have time for distractions—especially beautiful, impulsive ones like Nessa. Opposites don't just attract, they combust. Together, Nessa and Ryder have a chance for something more than the lives they've always known.

But this is war—deadly, bloody war—and the only way to happily-ever-after is straight through Eden.

For years, Jared has existed on the fringes of both Eden society and Dallas O'Kane's Sector Four gang. He travels between these worlds, protected by his money and power--money he earned selling his body, and power that comes from knowing secrets. He's untouchable—until he starts a new life gathering intelligence for the O'Kanes. Lili Fleming walked out of Sector Five with a gun, the bloodstained clothes on her back, and an icy determination to survive. She finds herself in a world where people live hard and love harder, and nothing's more terrifying than how much the O'Kanes wake her up, make her feel—especially Jared.

Emotion is a risk he can't afford, and a complication she doesn't need. But neither can resist the lust simmering between them, and the sparks that could either melt the ice around both their hearts...or get them killed. Because the only thing more dangerous than loving an O'Kane is loving a spy.

There's always a way of escape. Living Hope Church has seen its pastor get married and a nucleus of friends and family overcome adversity as they endeavor to grow as believers in Christ. But a trouble-free life isn't promised. The road gets bumpy once again . . . Join Cyd, Lance, Jillian, Jordyn, Tommy, and others as they discover that no one is immune to temptation. But will they learn the truth of God's promise--that there's always

It takes a graveyard to raise a child. Nobody Owens, known as Bod, is a normal boy. He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.
