Recommend by The Economist, I switched to read Jay Taylor's book, The Generalissimo: Chiang Kai-shek and the Struggle for Modern China. I think Chiang's historical position in 20th century China is his vision and struggle for defending and building a modern China, not because he lost the civil war or a nation to Mao.

CHIANG KAI-SHEK: CHINA'S GENERALISSIMO AND NATION HE LOST By Jonathan Fenby - Hardcover \*\*BRAND NEW\*\*.

One of the most momentous stories of the last century is China's rise from a self-satisfied, anti-modern, decaying society into a global power that promises to one day rival the United States. Chiang Kai-shek, an autocratic, larger-than-life figure, dominates this story. Drawing heavily on Chinese sources including Chiang's diaries, *The Generalissimo* provides the most lively, sweeping, and objective biography yet of a man whose length of uninterrupted, active engagement at the highest levels in the march of history is excelled by few, if any, in modern history.

With a narrative as briskly paced and vividly detailed as an international thriller, this definitive biography of Chiang Kai-shek masterfully maps the tumultuous political career of Nationalist China's generalissimo as it reevaluates his brave but unfulfilled life. Chiang Kai-shek was one of the most influential world figures of the twentieth century. The leader of the Kuomintang, the Nationalist movement in China, by 1928 he had established himself as head of the government in Nanking. But while he managed to survive the political storms of the 1930s, Chiang's power was continually being undermined by the Japanese on one side and the Chinese Communists on the other. Drawing extensively on original Chinese sources and accounts by contemporaneous journalists, acclaimed author Jonathan Fenby explores little-known international connections in Chiang's story as he unfolds a story as fascinating in its conspiratorial intrigues as it is remarkable for its psychological insights. This is the definitive biography of the man who, despite his best intentions, helped create modern-day China.

Following his acclaimed studies of the state of modern France and how Hong Kong has changed since the 1997 handover, Jonathan Fenby now turns his attention to one of the most interesting yet under-reported figures of twentieth-century history. Chiang Kai-shek was the man who lost China to the Communists. As leader of the nationalist movement, the Kuomintang, Chiang established himself as head of the government in Nanking in 1928. Yet although he laid claim to power throughout the 1930s and was the only Chinese figure of sufficient stature to attend a conference with Churchill and Roosevelt during the Second World War, his desire for unity was always thwarted by threats on two fronts. Between them, the Japanese and the Communists succeeded in undermining Chiang's power-plays, and after Hiroshima it was Mao Zedong who ended up victorious. Brilliantly re-creating pre-Communist China in all its colour, danger and complexity, Jonathan Fenby's magisterial survey of this brave but unfulfilled life is destined to become the definitive account in the English language.

Now in paperback, *Madame Chiang Kai-shek* is the first biography of one of history's most intriguing and controversial political figures. Beautiful, brilliant, and captivating, Madame Chiang Kai-shek seized unprecedented power during China's long and violent civil war. She passionately argued against Chinese Communism in the international arena and influenced decades of Sino-American relations and modern Chinese history. Raised in one of China's most powerful families and educated at Wellesley College, Soong Mayling went on to become wife, chief adviser, interpreter, and propagandist to Nationalist leader Generalissimo Chiang Kai-shek. She sparred with international leaders like Churchill and Roosevelt, and impressed Westerners and Chinese alike with her acumen, charm, and glamour. But she was also decried as a manipulative Dragon Lady," and despised for living in American-style splendor while Chinese citizens suffered under her husband's brutal oppression. The result of years of extensive research in the United States and abroad, and written with access to previously classified CIA and diplomatic files, *Madame Chiang Kai-shek* objectively evaluates one of the most powerful and fascinating women of the twentieth century.

With the beautiful, powerful, and sexy Madame Chiang Kai-shek at the center of one of the great dramas of the twentieth century, this is the story of the founding of modern China, starting with a revolution that swept away more than 2,000 years of monarchy, followed by World War II, and ending in the eventual loss to the Communists and exile in Taiwan. An epic historical tapestry, this wonderfully wrought narrative brings to life what Americans should know about China -- the superpower we are inextricably linked with -- the way its people think and their code of behavior, both vastly different from our own. The story revolves around this fascinating woman and her family: her father, a peasant who raised himself into Shanghai society and sent his daughters to college in America in a day when Chinese women were kept purposefully uneducated; her mother, an unlikely Methodist from the Mandarin class; her husband, a military leader and dogmatic warlord; her sisters, one married to Sun Yat-sen, the George Washington of China, the other to a seventy-fifth lineal descendant of Confucius; and her older brother, a financial genius. This was the Soong family, which, along with their partners in marriage, was largely responsible for dragging China into the twentieth century. Brilliantly narrated, this fierce and bloody drama also includes U.S. Army General Joseph Stilwell; Claire Chennault, head of the Flying Tigers; Communist leaders Mao Tse-tung and Chou En-lai; murderous warlords; journalists Henry Luce, Theodore White, and Edgar Snow; and the unfortunate State Department officials who would be purged for predicting (correctly) the Communist victory in the Chinese Civil War. As the representative of an Eastern ally in the West, Madame Chiang was befriended -- before being rejected -- by the Roosevelts, stayed in the White House for long periods during World War II, and charmed the U.S. Congress into giving China billions of dollars. Although she was dubbed the Dragon Lady in some quarters, she was an icon to her people and is certainly one of the most remarkable women of

the twentieth century.

Chiang Ching-kuo, son and political heir of Generalissimo Chiang Kai-shek, was born in 1910, when Chinese women, nearly all illiterate, hobbled about on bound feet and men wore pigtailed as symbols of subservience to the Manchu Dynasty. In his youth Ching-kuo was a Communist and a Trotskyite, and he lived twelve years in Russia. He died in 1988 as the leader of Taiwan, a Chinese society with a flourishing consumer economy and a budding but already wild, woolly, and open democracy. He was an actor in many of the events of the last century that shaped the history of China's struggles and achievements in the modern era: the surge of nationalism among Chinese youth, the grand appeal of Marxism-Leninism, the terrible battle against fascist Japan, and the long, destructive civil war between the Nationalists and the Communists. In 1949, he fled to Taiwan with his father and two million Nationalists. He led the brutal suppression of dissent on the island and was a major player in the cold, sometimes hot war between Communist China and America. By reacting to changing economic, social, and political dynamics on Taiwan, Sino-American rapprochement, Deng Xiaoping's sweeping reforms on the mainland, and other international events, he led Taiwan on a zigzag but ultimately successful transition from dictatorship to democracy. Jay Taylor underscores the interaction of political developments on the mainland and in Taiwan and concludes that if China ever makes a similar transition, it will owe much to the Taiwan example and the Generalissimo's son.

Chiang's classic work, first published in 1947, examines the challenges facing the modernization of China - from the humiliation of the unequal treaties, through to the struggles of the first half of the twentieth century.

A vivid portrait of the final years of the civil war between the Chinese Nationalists and Communists, including many previously unpublished photos. This volume in the Images of War series is the first photographic history of the Chinese Civil War, fought between Chiang Kai-shek's Nationalists and the Communists of Mao Tse-tung, which decided the future of modern China. A selection of over two hundred archive photographs, many of which have not been published before, depict the battle for power that took place across the breadth of the country. The armies, air forces, and navies of the opposing sides are shown in a sequence of graphic images, as is the ordeal of the long-suffering Chinese civilians who were caught up in a conflict that cost millions of lives. Detailed accompanying text describes the make-up of the Nationalist and Communist forces, and their contrasting strategies, tactics, and leadership. This is a visceral and concise introduction to a pivotal conflict that has left an indelible mark on the China of today--and on the rest of the world.
