Dios es redondo (Spanish Edition) ... Este libro de Juan Villoro tiene un gran virtud, el autor es un aficionado contemporáneo del fútbol. A diferencia del libro "El mundo es un balón" de Franklin Foer - que por cierto el autor obtiene de este libro la historia del hoy extinto estrella roja de belgrado- porque uno se puede identificar

m á s con ...

A brilliant, kaleidoscopic exploration of soccer—and the passion, hopes, rivalries, superstitions, and global solidarity it inspires—from award-winning author and Mexico’s leading sports journalist, Juan Villoro. On a planet where FIFA has more members than the United Nations and the World Cup is watched by more than three billion people, football is more than just a game. As revered author Juan Villoro argues in this passionate and compulsively readable tribute to the world’s favorite sport, football may be the most effective catalyst for panglobal unity at the time when we need it most. (Following global consensus, Villoro uses “football” rather than “soccer” in the book.) What was the greatest goal of all time? Why do the Hungarians have a more philosophical sense of defeat than the Mexicans? Do the dead play football? In essays ranging from incisive and irreverent portraits of Maradona, Messi, Ronaldo, Pelé, Zidane, and many more giants of the game to entertaining explorations of left-footedness and the number 10, Juan Villoro dissects the pleasure and pain of football fandom. *God Is Round* is a book for both fanatics and neophytes who long to feel the delirium of the faithful. Praise for *God Is Round* “If you want to talk about soccer, go talk to Juan Villoro.” —Carlos Fuentes “In trying times like these, when the anguish and uncertainty can be almost too much to bear, Mexico turns to him, its philosopher-fanatic, to make sense of the seemingly nonsensical. With the nation’s hopes for the World Cup spiraling into doubt and chaos, Juan Villoro, one of Mexico’s most decorated and esteemed writers — who also happens to be a leading soccer analyst—comes charging down the metaphorical field to scold, explain and extract the lessons within.” —The New York Times “The literature of Juan Villoro...is opening up the path of the new Spanish novel of the millennium.” —Roberto Bolaño “[Villoro] has assumed the Octavio Paz mantle of Mexican public wise man of letters (though with none of Paz’s solemnity, for Villoro is as boyishly effusive, brimming with laughter and cleverness, as Paz was paternalistically dour—and, of course, Villoro, the author of the book *God Is Round*, may be the most fútbol-obsessed man alive)” —Francisco Goldman, *The New Yorker* Juan Villoro is Mexico’s most prolific, prize-winning author, playwright, journalist, and screenwriter. His books have been translated into multiple languages; he has received the Herralde Award in Spain for his novel *El testigo*, the Antonin Artaud award in France for *Los culpables*. His novel, *Arrecife*, was recently short-listed for the Rezzori Prize in Italy. Villoro lives in Mexico City and is a visiting lecturer at Yale and Princeton universities. Thomas Bunstead's translations from the Spanish include work by Eduardo Halfon and Yuri Herrera, Aixa de la Cruz's story “True Milk” in *Best of European Fiction*, and the forthcoming *A Brief History of Portable Literature* by Enrique Vila-Matas (a co-translation with Anne McLean). A guest editor of a *Words Without Borders* feature on Mexico (March 2015), Thomas has also published his own writing in the *Times Literary Supplement*, *The Independent*, the *Paris Review* blog, *3ammagazine*, *Days of Roses*, *readysteadybook*, and *>kill author*.

One of *Sports Illustrated*’s Top 100 Sports Books of All Time—a history of soccer that “stands out like Pelé on a field of second-stringers” (*The New Yorker*). The beautiful game deserves a beautiful book, and Eduardo Galeano—one of Latin

America's most acclaimed authors—has written it. From Aztec champions sacrificed to appease the gods, to the goals that were literally scored into wooden posts in Victorian England, to Spain's victory in the 2010 World Cup, Soccer in Sun and Shadow is a history of the sport unlike any other. Galeano portrays the irruption of South American soccer that made the game sublime: the elegant, mischievous, joyful style based on deft dribbling, close passes, and quick changes in rhythm, perfected by poor black children who had no toy but a rag ball. He describes the superstitions that vex players, the martyrdom of referees, the exquisite misery of fans, the sad denouement of stars past their prime. Striding across the pages are players born with the ball—and entire nations—at their feet: Arthur Friedenreich, the son of a German immigrant and a black washerwoman, who first brought Brazilian style from the slums into the stadiums; Brazil's Garrincha, whose body, warped by polio, could make the ball dance; and the Dutch great Ruud Gullit, who campaigned against apartheid on and off the pitch. And, of course, Beckenbauer, Pelé, Cruyff, and Maradona, a man blessed with “the hand of God” and a left foot equally as divine. Soccer in Sun and Shadow traces the rise of the soccer industry and the concurrent voyage “from beauty to duty”: attempts to impose a soccer of lightning speed and brute force, one that disdains fantasy and forfeits play for results. Eduardo Galeano, who describes himself as “a beggar for good soccer,” gives the world's most popular sport all the poetry, passion, and politics it deserves.

Cultura y guerra del fútbol recoge de forma pormenorizada un análisis de la repercusión que ha tenido en los medios la actual lucha por los derechos televisivos del deporte rey, un conflicto que tiene su origen a finales de los años ochenta.

A Caribbean resort specializing in faked cartel kidnappings is the site for Villoro's profound and satirical murder mystery."

At once intimate and wide-ranging, and as enthralling, surprising, and vivid as the place itself, this is a uniquely eye-opening tour of one of the great metropolises of the world, and its largest Spanish-speaking city. Horizontal Vertigo: The title refers to the fear of ever-impending earthquakes that led Mexicans to build their capital city outward rather than upward. With the perspicacity of a keenly observant flaneur, Juan Villoro wanders through Mexico City seemingly without a plan, describing people, places, and things while brilliantly drawing connections among them. In so doing he reveals, in all its multitudinous glory, the vicissitudes and triumphs of the city's cultural, political, and social history: from indigenous antiquity to the Aztec period, from the Spanish conquest to Mexico City today—one of the world's leading cultural and financial centers. In this deeply iconoclastic book, Villoro organizes his text around a recurring series of topics: “Living in the City,” “City Characters,” “Shocks,” “Crossings,” and “Ceremonies.” What he achieves, miraculously, is a stunning, intriguingly coherent meditation on Mexico City's genius loci, its spirit of place.

“ We walked toward the part of the library where the air smelled as if it had been interred for years..... Finally, we got to the hallway where the wooden floor was the creakiest, and we sensed a strange whiff of excitement and fear. It smelled like a creature from a bygone time. It smelled like a dragon.” Thirteen-year-old Juan's favorite things in the world are koalas, eating roast chicken, and the summer-time. This summer, though, is off to a terrible start. First, Juan's parents separate and his

dad goes to Paris. Then, as if that wasn't horrible enough, Juan is sent away to his strange Uncle Tito's house for the entire break! Uncle Tito is really odd: he has zigzag eyebrows; drinks ten cups of smoky tea a day; and lives inside a huge, mysterious library. One day, while Juan is exploring the library, he notices something inexplicable and rushes to tell Uncle Tito. "The books moved!" His uncle drinks all his tea in one gulp and, sputtering, lets his nephew in on a secret: Juan is a Princeps Reader – which means books respond magically to him – and he's the only person capable of finding the elusive, never-before-read Wild Book. Juan teams up with his new friend Catalina and his little sister, and together they delve through books that scuttle from one shelf to the next, topple over unexpectedly, or even disappear altogether to find The Wild Book and discover its secret. But will they find it before the wicked, story-stealing Pirate Book does?

Una brillante crónica periodística del mexicano Juan Villoro, publicada originariamente en su libro Dios es redondo.

FC Barcelona are the greatest football team in the world, the greatest for a generation and possibly the greatest of all time. This is the inside story of how the team came to redefine how the game is played, told by the journalist closer to it than any other. This edition contains a new epilogue reflecting on the departure of Pep Guardiola and Spain's victory at Euro 2012.

It is Sylvia's sixteenth birthday, and her life as an adult is about to begin—not with the party she had been planning, but with a car accident and a broken leg. Behind the wheel is a talented young soccer player, just arrived from Buenos Aires and set for stardom on and off the field. As their destinies collide and a young romance is set in motion, across town, Sylvia's father and grandfather are finding their own lives suddenly derailed by a violent murder and a secret affair with a prostitute. Set against the maze of Madrid's congested and contested streets, *Learning to Lose* follows these four individuals as they swerve off course in unexpected directions. Each of them is dodging guilt and the fear of failure, but their shared search for happiness, love, purity, redemption, and, above all, a way to survive, forms a taut narrative web that binds the characters together. From one of Spain's most celebrated contemporary writers, *Learning to Lose* is a lucid and gripping view into the complexities of lives overturned and into the capriciousness of modern life, with its intoxicating highs and devastating lows.
