politicised sister' (Independent on Sunday). After experiencing a series of escalating sexist incidents, Laura Bates started the everyday sexism project and has gone on to write 'a pioneering analysis of modern day misogyny' (Telegraph). After an astounding response from the wide range of stories that came pouring in from all over the world, the project quickly became one of the biggest social media success stories of the internet. From being harassed and wolf-whistled at on the street, to discrimination in the workplace and serious sexual assault, it is clear that sexism had become normalised. But Bates inspires women to lead a real change and writes this 'extremely powerful book that could, and should, win hearts and minds right across the spectrum' (Financial Times). Often shocking, sometimes amusing and always poignant, everyday sexism is a protest against inequality and a manifesto for change.

## Get Free Everyday Ism Laura Bates

It's 'a game-changing book, a must-read for every woman' (Cosmopolitan). 'Admirable and culturally transferable. "A storm is coming," writes Bates. After reading this book you'll hope so' (Independent). Welcome to the fourth wave of feminism.

When women picketed the White House demanding the vote on January 10, 1917, they broke new ground in political activism. Demanding that President Wilson influence Congress, they marched in the streets in the nation's first ever coast-to-coast campaign for political rights. Women were imprisoned for peaceful protests, went on hunger strikes and were beaten and tortured by authorities. But they won the 19th Amendment, ensuring that the right to vote could not be denied because of gender. Their successful nonviolent civil rights campaign established a precedent for those that followed,

## Get Free Everyday Ism Laura Bates

giving them the tools—including the vote—needed to advance their goals. This book chronicles the work of Alice Paul and the National Woman's Party and their influence on American political activism.

Presents advice for young women on dealing with sexism and negative social media, discussing how to deal with cyber bullying, body shaming, and mental health issues and foster a positive self-image and healthy relationships.

A new way of thinking about data science and data ethics that is informed by the ideas of intersectional feminism. Today, data science is a form of power. It has been used to expose injustice, improve health outcomes, and topple governments. But it has also been used to discriminate, police, and surveil. This potential for

## Get Free Everyday Ism Laura Bates

good, on the one hand, and harm, on the other, makes it essential to ask: Data science by whom? Data science for whom? Data science with whose interests in mind? The narratives around big data and data science are overwhelmingly white, male, and techno-heroic. In *Data Feminism*, Catherine D'Ignazio and Lauren Klein present a new way of thinking about data science and data ethics—one that is informed by intersectional feminist thought. Illustrating data feminism in action, D'Ignazio and Klein show how challenges to the male/female binary can help challenge other hierarchical (and empirically wrong) classification systems. They explain how, for example, an understanding of emotion can expand our ideas about effective data visualization, and how the concept of invisible labor can expose the significant human efforts required by our automated systems. And they show why the data never, ever speak for

## Get Free Everyday Ism Laura Bates

themselves. Data Feminism offers strategies for data scientists seeking to learn how feminism can help them work toward justice, and for feminists who want to focus their efforts on the growing field of data science. But Data Feminism is about much more than gender. It is about power, about who has it and who doesn't, and about how those differentials of power can be challenged and changed.

The best country-by-country assessment of human rights. The human rights records of more than ninety countries and territories are put into perspective in Human Rights Watch's signature yearly report. Reflecting extensive investigative work undertaken by Human Rights Watch staff, in close partnership with domestic human rights activists, the annual World Report is an invaluable

## Get Free Everyday Ism Laura Bates

resource for journalists, diplomats, and citizens, and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe.

At 30 years old, Lewis Howes was outwardly thriving but unfulfilled inside. He was a successful athlete and businessman, achieving goals beyond his wildest dreams, but he felt empty, angry, frustrated, and always chasing something that was never enough. His whole identity had been built on misguided beliefs about what "masculinity" was. Howes began a personal journey to find inner peace and to uncover the many masks that men — young and old — wear. In *The Mask of Masculinity*, Howes exposes the ultimate emptiness of the Material Mask, the man who chases wealth above all things; the cowering vulnerability that hides

## Get Free Everyday Ism Laura Bates

behind the Joker and Stoic Masks of men who never show real emotion; and the destructiveness of the Invincible and Aggressive Masks worn by men who take insane risks or can never back down from a fight. He teaches men how to break through the walls that hold them back and shows women how they can better understand the men in their lives. It's not easy, but if you want to love, be loved and live a great life, then it's an odyssey of self-discovery that all modern men must make. This book is a must-read for every man ☐ and for every woman who loves a man.

Women in Performance: Repurposing Failure charts the renewed popularity of intersectional feminism, gender, race and identity politics in contemporary Western experimental theatre, comedy and performance through the featured artists' ability to strategically

## Get Free Everyday Ism Laura Bates

repurpose failure. Failure has provided a popular frame through which to theorise recent avantgarde performance, even though the work rarely acknowledges stakes tend to be higher for women than men. This book analyses the imperative work of a number of female, non-binary and trans\* practitioners who resist the postmodern doctrine of "post-identity" and attempt to foster a sense of agency on stage. By using feminism as a critical lens, Gorman interrogates received ideas about performance failure and negotiates contradictions between contemporary white feminism, intersectional feminism, gender and sexuality. Women in Performance: Repurposing Failure reveals how performance has the power to both observe and reject contemporary feminist and postmodern theory, rendering this text an invaluable resource for theatre and performance studies students and those grappling with

the disciplinary tensions between feminism, gender, queer and trans\* studies.

This year's World Development Report looks at facts and trends regarding the various dimensions of gender equality in the context of the development process.

A COLLECTION OF ESSAYS FROM BESTSELLING AUTHOR AND FOUNDER OF THE EVERYDAY SEXISM PROJECT, LAURA BATES. 'Following [Everyday Sexism] will make most women feel oddly saner.' Caitlin Moran 'Piercingly astute.' Stylist Laura Bates, pioneering feminist, activist and bestselling author, has given voice to hundreds of thousands of women through her international Everyday Sexism Project. Drawing attention to both

## Get Free Everyday Ism Laura Bates

hidden and blatant sexist acts and attitudes, Laura has exposed the startling truth behind misogyny in our society: systemic, ingrained and ignored. From Weinstein to Westminster, a torrent of allegations of sexual harassment and assault have left us reeling. One hundred years since some women were first given the right to vote, we are still struggling to get to grips with the true extent of gender inequality that continues to flourish in our society. In this collection of essays, originally published in the Guardian, Laura Bates uncovers the sexism that exists in our relationships, our workplaces, our media, in our homes and on our streets, but which is also firmly rooted in our lifelong assumptions and in the actions and attitudes we explain away, defend and accept. Often dismissed as one-offs, veiled as 'banter' or described as 'isolated incidents', MISOGYNATION joins the dots to reveal the true scale of

## Get Free Everyday Ism Laura Bates

discrimination and prejudice women face. A bold, witty and incisive analysis of current events, MISOGYNATION makes a passionate argument for stepping back, opening our eyes and allowing ourselves to see the bigger picture. IN PRAISE OF LAURA BATES 'Funny and clever.' Telegraph 'Girl Up is an essential compendium of wit, wisdom, advice and straight-talk.' Sarah Knight 'We owe Bates a great debt of gratitude for her Everyday Sexism Project.' LA Times 'Laura was one of the first women to harness the power of social media to fight sexism and misogyny and give millions of young women a voice.' Grazia 'Bates takes a myth-busting approach to body image, food, sex and advertising and is particularly good at boiling down feminist language into a snappy, everyday vernacular' Metro 'For any woman who is sick of being told how to act, how to dress, or how to
