The purpose of this handbook is to provide assistance to both new and experienced medical directors as they strive to provide the highest quality of out-of-hospital emergency medical care to their communities and foster excellence within their agencies. The handbook will provide the new medical director with a fundamental orientation to the roles that define the position of the medical director while providing the experienced medical director with a useful reference tool. The handbook will explore the nuances found in the EMS industry?a challenge to describe in generalities due to the tremendous amount of diversity among EMS agencies and systems across the Nation. The handbook does not intend to serve as an operational medical practice document, but seeks to identify and describe the critical elements associated with the position.

This text covers the basic techniques and applications of engineering economy for all disciplines in the engineering profession. The writing style emphasizes brief, crisp coverage of the principle or technique discussed in order to reduce the time taken to present and grasp the essentials. The objective of the text is to explain and demonstrate the principles and techniques of engineering economic analysis as applied in different fields of engineering. This brief text includes coverage of multiple attribute evaluation for instructors who want to include non-economic dimensions in alternative evaluation and the discussion of risk considerations in the appendix, compared to Blank's comprehensive text, where these topics are discussed in two unique chapters.

Fully updated to cover today's issues and trends, Nursing in Today's World, 11e prepares students for the realities of practice. Part memoir and part visual journey through the streets of modern-day Paris, France, A Paris Year chronicles, day by day, one woman ' s French sojourn in the world ' s most beautiful city. Beginning on her first day in Paris, Janice MacLeod, the author of the best-selling book, Paris Letters, began a journal recording in illustrations and words, nearly every sight, smell, taste, and thought she experienced in the City of Light. The end result is more than a diary: it ' s a detailed and colorful love letter to one of the most romantic and historically rich cities on earth. Combining personal observations and anecdotes with stories and facts about famous figures in Parisian history, this visual tale of discovery, through the eyes of an artist, is sure to delight, inspire, and charm.

In a historical mystery for Downton Abbey fans, a society reporter covers a killer party in Gilded Age Newport. Newport, Rhode Island, August 1895: She may be a less well-heeled relation, but as second cousin to millionaire patriarch Cornelius Vanderbilt, twenty-one-year-old Emma Cross is on the guest list for a grand ball at the Breakers, the Vanderbilts ' summer home. She also has a job to do—report on the event for the society page of the Newport Observer. But Emma observes much more than glitz and gaiety when she witnesses a murder. The victim is Cornelius Vanderbilt ' s financial secretary, who plunges off a balcony faster than falling stock prices. Emma ' s black sheep brother Brady is found in Cornelius ' s bedroom passed out next to a bottle of bourbon and stolen plans for a new railroad line. Brady has barely come to before the police have arrested him for the murder. But Emma is sure someone is trying to railroad her brother and resolves to find the real killer at any cost. . . . " Sorry to see the conclusion of Downton Abbey? Well, here is a morsel to get you through a long afternoon. Brew some Earl Grey and settle down with a scone with this one. " —Washington Independent Review of Books " Emma ' s ebullience and the glittering details of Newport ' s gilded age past give the novel a brisk energy. " —Publishers Weekly " A great effort with intriguing characters and a solid murder mystery . . . Maxwell has written a delightfully complex tale. " —RT Book Reviews

Defense analysis can do a better job supporting policymakers dealing with multiple objectives and deep uncertainties. This will involve seeing through the fog with simple analysis and undergirding results with depth as necessary. It will emphasize balancing across objectives and hedging against both uncertainty and disagreement among policymakers. Modern methods for doing so are available but they require displacing some familiar processes and demanding more from analysis. Once decisions are made, analysis should help policymakers explain, convince, and shape implementation guidance with sharpened requirements, forcing functions, and metrics for monitoring, feedback, and adaptation.
