The New American Standard Bible (NASB or NAS), completed in 1971, is widely regarded as one of the most literally translated of 20th-century English Bible translations. According to the NASB's preface,

the translators  
had a "Fourfold  
Aim" in this  
work: These  
publications  
shall be true to  
the original  
Hebrew, Aramaic,
