How To Create Your Own User Manual - The Daily Beast
Ensure that the user manual can lie flat on a work surface when opened. Consider the environment of use and if necessary provide a robust user manual. Consider whether the user needs to hold the user manual and work at the same time. Provide durable covers and pages. Consider whether the user manual needs to resist water, oil, dirt, grease etc.

Tips for writing user manuals
The user manual should be largely task-oriented, rather than heavily descriptive. Because the manual is written to help users

understand how to execute specific tasks, the writer needs to have an understanding of those tasks as well, and as a result, going through each discrete step of each feature is absolutely essential.
