**The British Reform Movement: Social, Political & Economic ...**

One important impact of the industrial revolution (such as the use of coal, iron, and steam) was rapid urbanization, as new and expanding industry caused villages and towns to swell, sometimes into vast cities. The Port of Liverpool, for example, rose from a population of a couple of thousand to many tens of thousands in the space of a century.

**Public Health During the Industrial Revolution**

Some historians believe the Industrial Revolution was an outgrowth of social and institutional changes brought by the end of feudalism in Britain after the English Civil War in the 17th century, although feudalism began to break down after the Black Death of the mid 14th century, followed by other epidemics, until the population reached a low in the 14th century. This created labour shortages and led to falling food prices and a peak in real wages around 1500, after which population growth ...
