The values we hold dear, like life, liberty, and the pursuit of happiness form the foundation of who we are as a people and a nation. Our traditions and laws are based on these values and were originally designed to preserve human dignity. In my opinion, human dignity is as vital to life as the air we breathe and the water we drink. Without it, life perishes. As you will discover in this book, Agenda 21 believes you are a nuisance. Your very existence represents a stumbling block to a master plan that equates human life to a colony of ants, where the rights of the individual and human dignity are defined by servitude, not freedom, and where personal ambition must be expended for the greater good.

The Rangers of Laerean are the protectors of the people, the heroes of Hir. Their exploits are legendary and their great deeds recounted in tales across the ages. These are the stories that will be told for generations. When the Ranger Baric meets the exotic and alluring woman from Vaar'da, Whisper, he agrees to assist her on what seems a simple rescue mission that soon turns into something far more complicated than he expected. Seeking the source of her recurring nightmares, they discover an artifact of unimaginable power that was likely the cause of the Great Disruption, which destroyed all of Hir, over two thousand years ago. Their journey soon becomes a deadly and suicidal quest into the Great

The fate of Hir depends on the courage and skills of the heroic Rangers and their small Vaar'da companion, as they struggle to save the world from impending disaster and face their greatest challenge, and where Baric must face the destiny he foresaw in a dream, many years before.

Sarajevo, Bosnia and Herzegovina, 1999: Since surviving the showdown between the vampire Yasamin and the terrorist group Sleyman's Blade, Adam Mire has lived in hiding, posing as an unassuming Czech librarian. His life is upended again, however, when a new threat arises—one intent on using Dracula's legacy to unleash another wave of violence across the already war-ravaged nation. Meanwhile, Clara MacIntosh, the love Adam left behind, has come to Eastern Europe to find him. While tracking him down, she becomes entangled in a string of grisly murders—deaths Adam is investigating as well. As they both follow clues literally written in blood, time runs short to unmask the killer before history comes full-circle and chaos engulfs the region again.
