Russia itself and also included Azerbaijan, Ukraine, Moldova, Belarus, Uzbekistan and Georgia have seen an increase in Hillel centers. In this book, the author tells the story of Hillel in the FSU from its humble beginnings in Moscow, and its first steps and missteps in the chaos that followed the fall of communism through to nourishing an indigenous Jewish leadership that sustains the community to this day. How does one celebrate Jewish holy days in a meaningful way that speaks to students whose experience with traditional Jewish ritual is limited at best? How does one engage Jewish young people, who literally only yesterday had discovered that they are Jews? How does one embrace them with love and respect for Jewish traditions, heritage and people, and how does one create the building blocks of community? In a journey across time and across the Former Soviet Union with its myriad languages, cultures and Jewish communities, the author answers these questions and more, questions that he could not have known the answers to when he started out on that journey.

Incorporate classroom-tested reading strategies that give your students the tools they need to become independent learners with this middle school world history program—the perfect combination of story and standards.

Jill Homer has an outlandish ambition: Racing a mountain bike 2,740 miles from Canada to Mexico along the Continental Divide. But her dream starts to unravel the minute she sets it in motion. An accident on the Iditarod Trail results in serious frostbite. She struggles with painful recovery and growing uncertainties. Then, just two days before their departure, her boyfriend ends their eight-year relationship, dismantling everything Jill thought she knew about life, love and her identity. This is the story of an adventure driven relentlessly forward as foundations crumble. During her record-breaking ride in the 2009 Tour Divide, Jill battles a torrent of anger, self-doubt, fatigue, loneliness, pain, grief, bicycle failures, crashes and violent storms. Each night, she collapses under the crushing effort of this savage new way of life. And every morning, she picks up the pieces and strikes out to find what lies on the other side of the Divide: Astonishing beauty, unconditional kindness, and boundless strength.

An astonishing story that puts a human face on the ongoing debate about immigration reform in the United States, now updated with a new Epilogue and Afterword, photos of Enrique and his family, an author interview, and more—the definitive edition of a classic of contemporary America Based on the Los Angeles Times newspaper series that won two Pulitzer Prizes, one for feature writing and another for feature photography, this page-turner about the power of family is a popular text in classrooms and a touchstone for communities across the country to engage in meaningful discussions about this essential American subject. Enrique’s Journey recounts the unforgettable quest of a Honduran boy looking for his mother, eleven years after she is forced to leave her starving family to find work in the United States. Braving unimaginable peril, often clinging to the sides and tops of freight trains, Enrique travels through hostile worlds full of thugs, bandits, and corrupt cops. But he pushes forward, relying on his wit, courage, hope, and the kindness of strangers. As Isabel Allende writes: “This is a twenty-first-century Odyssey. If you are going to read only one nonfiction book this year, it has to be this one.” Praise for Enrique’s Journey “Magnificent . . . Enrique’s Journey is about love. It’s about family. It’s about home.”—The Washington Post Book World “[A] searing report from the immigration frontlines . . . as harrowing as it is heartbreaking.”—People (four stars) “Stunning . . . As an adventure narrative alone, Enrique’s Journey is a worthy read. . . . Nazario’s impressive piece of reporting [turns] the current immigration controversy from a political story into a personal one.”—Entertainment Weekly “Gripping and harrowing . . . a story begging to be told.”—The Christian Science Monitor “[A] prodigious feat of reporting . . . [Sonia Nazario is] amazingly thorough and intrepid.”—Newsday

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.
