The title says it all—inside are "Legends, Icons, & Rebels", and "Music That Changed The World." This is something I wasn't prepared for. This almost 12"X12" hardcover book with a very cool jacket contains some of the best artistic portraits of some of the best performers ever. Not only is the artwork very fine, the text is equally good.

A witty, candid, sharply written memoir by the cofounder of Steely Dan In his entertaining debut as an author, Donald Fagen—musician, songwriter, and cofounder of Steely Dan—reveals the cultural figures and currents that shaped his artistic sensibility, as well as offering a look at his college days and a hilarious account of life on the road. Fagen presents the “eminent hipsters” who spoke to him as he was growing up in a bland New Jersey suburb in the early 1960s; his colorful, mind-expanding years at Bard College, where he first met his musical partner Walter Becker; and the agonies and ecstasies of a recent cross-country tour with Michael McDonald and Boz Scaggs. Acclaimed for his literate lyrics and complex arrangements as a musician, Fagen here proves himself a sophisticated writer with his own distinctive voice.

Written by the Canadian music artist's son, a lavishly illustrated depiction of Robbie Robertson's early years traces his first guitar lessons at the age of nine through his rise to becoming a central member of The Band and one of Rolling Stone magazine's top 100 guitarists.

As a child, Biddu dreamt of going west and making it big as a composer. At the age of sixteen, he formed a band and started playing in a cafe in Bangalore, his home town. At eighteen, he was part of a popular act at Trinca's, a nightclub in Calcutta devoted to food, wine and music. At nineteen, he had college students in Bombay dancing to his music. In his early twenties, he left the country and ended up hitchhiking across the Middle East before arriving in London with only the clothes on his back and his trusty guitar. What followed were years of hardship and struggle but also great music and gathering fame. From the nine million selling "Kung Fu Fighting" to the iconic youth anthem of "Made in India" and the numerous hits in between. Biddu's music made him a household name in India and elsewhere. In this first public account of all that came his way: the people, the events,the music tours and companies Biddu writes with a gripping sense of humor about his remarkable journey with its fairy tale ending. Charming, witty, and entirely likable, Biddu is a man you are going to enjoy getting to know.

Future rock star or friendless misfit? That’s no choice at all. In this acclaimed novel, twelve-year-old Apple grapples with being different; with friends and backstabbers; and with following her dreams. Publishers Weekly called Blackbird Fly “a true triumph,” and the Los Angeles Times Book Review said, “Apple soars like the eponymous blackbird of her favorite Beatles song.” Apple has always felt a little different from her classmates. She and her mother moved to Louisiana from the Philippines when she was little, and her mother still cooks Filipino foods and chastises Apple for becoming “too American.” When Apple’s friends turn on her and everything about her life starts to seem weird and embarrassing, Apple turns to music. If she can just save enough to buy a guitar and learn to play, maybe she can change herself. It might be the music that saves her . . . or it might be her two new friends, who show her how special she really is. Erin Entrada Kelly deftly brings Apple’s conflicted emotions to the page in her debut novel about family, friendship, popularity, and going your own way. “A must-read for those kids cringing at their own identities.”—Bulletin of the Center for Children’s Books.
