The Easy Guide to SEO is a simple starter book for anyone who is embarking on the challenge of SEO. It explains all the important basics you need to start doing SEO on your own.

A hands-on guide for marketers of any expertise level provides detailed coverage of a wide variety of topics, from keyword searching and link analysis/building to content strategies and position tracking, in a guide complemented by a CD-ROM of free SEO tools, software, and resources. Original.

This book shows you how to increase your web popularity, page rank, website visitor retention and internet sales through building backlinks, using link exchanges, search engine submissions, directory manual submissions, social media (i.e. RSS, forums, groups, blogging, vlogging, photoblogging, social networking sites (Facebook, MySpace etc), paid inclusion, pay-per-click, paid submissions, banner advertising, banner exchanges, news and PR article submissions, podcasting, doorway pages, referrals, affiliate networks and affiliation, eCourses, eBooks, foreign language search engines, free and low cost advertising websites, conventional marketing methods (such as, billboards, building wrapping, inflatable, vehicle wrapping, aerial banners, posters, radio and television), campaign monitoring, SEO campaign fine-tuning and more.

Presents the basics of commerce on the Internet, with an examination of several successful businesses, technical information, a guide for determining risk and prioritizing, and promotion techniques for 101 different profiles.

An increasing number of real estate buyers and sellers are making the Web their first destination, so getting more of them to stop at an agency ' s or individual agent ' s site can mean thousands of dollars in commissions. The proven e-mail, linking, and online advertising techniques provided will increase initial visitor traffic to any real estate website and keep buyers and sellers returning again and again. In addition, real estate agents and office managers can use the templates, checklists, and forms included to make their website an important and effective selling tool.

How to Start a Home-Based Online Retail Business tells readers everything they need to know to launch a successful retail operation on the web, from the unique issues and strategies associated with online retailing and marketing, to staying ahead of the competition. Provides practical ideas and useful advice to the many individuals dreaming about online sales success today.

Describes 101 popular home-based businesses, exploring the planning, set-up, management, and technical requirements of each and offering advice on designing effective Web sites and optimizing Web marketing opportunities.

WEB DESIGN: INTRODUCTORY, 5th Edition explains the connection between a detailed design plan that considers audience expectations, sound design principles and various technical considerations to create successful Web sites. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Full of practical, proven techniques and step-by-step strategies, this informative resource teaches internet tourism businesses how to attract visitors and convert them into paying customers. With a design that allows each chapter to stand on its own, the book provides easy and immediate implementation for a variety of promotion strategies, including those geared for bed and breakfasts, campgrounds, and theme parks. By learning to utilize industry-specific internet newsgroups and mailing lists, businesses can target their customers, examine advertising techniques of their competitors, and ensure consistent visibility on the Web. Tips on updating, revisiting, and rethinking a business's online presence round out the advice, ensuring that potential and existing clients keep coming back.

A Complete Guide to Starting and Growing Your Own Business On A Shoestring Budget The Cheat Sheet for Business. For the millions who start a new business every year on the barest of resources, Shoestring Venture: The Startup Bible is like hiring a high-level consultant to deal with the bewildering maze of issues from finance to marketing to technology that all entrepreneurs face. Every business is nothing but a series of decisions which can make or break the business. You could say that, if there's a science of business, it's the science of making good decisions. And every bootstrap entrepreneur faces the daunting task of making ALL the business decisions, any one of which could either doom the enterprise or catapult it to stratospheric success. That means that every entrepreneur has to quickly get up to speed on every issue their business faces. Shoestring Venture: The Startup Bible is the most exhaustive set of practical resources collected to empower entrepreneurs to make the right decisions on a limited budget, from business concept to product development to Web marketing. We call a "consultant in a book," there to give considered and experienced answers to the infinite questions that come up. Shoestring Venture-The Start-up Bible All entrepreneurs - even the smallest operating on the tightest of budgets - have the opportunity to build powerful start-up organizations without ever really having to walk out the front door. Using global communications and data networks, even bootstrap entrepreneurs can staff an entire organization with every human resource and skill they need at rock-bottom prices. In short, anyone can run a virtual organization using only a desktop or laptop computer. Shoestring Venture: The Startup Bible gives bootstrap entrepreneurs all the resources they need to build truly effective startups using the magic of outsourcing and offshoring. This is the century for small business . . . You have the tools to build a powerful start-up organization, from financing to product development to marketing, without ever really having to walk out your front door. Using global communications and data networks, you can staff an entire organization with every human resource and skill you need at rock-bottom prices. You are, in short, running a virtual organization using only a desktop or laptop computer. It's the magic of outsourcing. It means that you can be a pretty formidable player in the business world. Why? Because it permits you to focus your energies on what brings real value to your business-what you do best. That's what this book is all about. Shoestring Venture gives you the tools you need to start your new venture or take your current business several levels higher by exploiting the resources our interconnected world offers you. Chapters: Startup, Finance, Taxes, & Banking, Hardware and Software, Bringing Your Products to Market, Outsourcing Your Back Office, Information Technology, Web and Ecommerce, and Promoting Your Product: Marketing & Sales
