More than two hundred CEOs reveal their candid insights on how to build and foster a corporate culture that encourages innovation and drives results In Quick and Nimble, Adam Bryant draws on interviews with more than two hundred CEOs to offer business leaders the wisdom and guidance to move an organization faster, to be quick and nimble, and to rekindle the whatever-it-takes collective spark of a start-up workplace, all with the goal of innovating and thriving in a relentlessly challenging global economy. By analyzing the lessons that these leaders have shared in his regular "Corner Office" feature in The New York Times, Bryant has identified the biggest drivers of corporate culture, bringing them to life with real-world examples that reflect this hard-earned wisdom. These men and women—whose ranks include Jeff Weiner of LinkedIn, Tony Hsieh of Zappos, Angie Hicks of Angie's List, Steve Case of Revolution (and formerly AOL), and Amy Gutmann of the University of Pennsylvania—offer useful insights and strategies for creating a corporate culture of innovation and building a high-performing organization that unleashes the passion and energy of its employees. As the world shifts to more of a knowledge economy, the winners will be companies that can attract and retain the best and brightest employees by creating an environment where they can grow, contribute, and feel rewarded. Through the wisdom of these leading chief executives, Quick and Nimble offers a keen understanding of leadership, recruiting, and the forces that shape corporate culture and a clear road map to

Draws on candid insights by more than two hundred CEOs to counsel business leaders on how to build and foster a corporate culture that promotes innovation and drives results.

The "Corner Office" columnist and head of a Pulitzer Prize-winning national reporting team draws on the insights of such leading CEOs as Microsoft's Steve Ballmer, Yahoo's Carol Bartz and DreamWorks's Jeffrey Katzenberg to identify proven leadership principles as well as the qualities that CEOs most value in their employees. 40,000 first printing.

Are you ready to lead? Will you pass the test? Despite all the effort through the years to understand what it takes to be an effective leader, the challenges of leadership remain enormously difficult and elusive; even today, most CEOs don't last five years in the job. The demands to deliver at a consistently high level can be unforgiving. The loneliness. The weight of responsibility. The relentless second-guessing and criticism. The pressure to build all-star teams. The 24/7 schedule that requires superhuman stamina. The tough decisions that often leave no one happy. The expectation to always have the right answer when it can be hard just to know the right question. These challenges are brought into their highest and sharpest relief in the corner office, but they are hardly unique to chief executives. All leaders face their own version of these tests, and the authors draw on the distilled wisdom, stories, and lessons from hundreds of chief executives to show how every aspiring leader can master these challenges and lead like a CEO. These foundational leadership skills will make all

Kids deserve a better digital future. Help them create it. When it comes to raising children in a digital world, every parent feels underprepared and overwhelmed. We worry that our children will become addicted to online games, be victims of cyberbullying, or get lost down the rabbit hole of social media. We warn them about all the things they shouldn't do online, but we don't do nearly enough to teach them the skills of digital well-being. It's time to start a new conversation. In *Digital for Good*, EdTech expert Richard Culatta argues that technology can be a powerful tool for learning, solving humanity's toughest problems, and bringing us closer together. He offers a refreshingly positive framework for preparing kids to be successful in a digital world—one that encourages them to use technology proactively and productively—by outlining five qualities every young person should develop in order to become a thriving, contributing digital citizen: Be balanced: understand when and how much tech use is healthy Stay informed: discern between true and false information Be inclusive: treat others with respect and kindness online Be engaged: use tech to strengthen family relationships and community connections Stay alert: exercise caution and create safe

No matter what your title or place on the organization chart, you have the potential to be a leader—or more precisely, the potential to exercise leadership in the moments that matter most. Leadership is not a job title or position, but rather an action. In certain moments and situations, anyone can rise to the occasion to act as a leader—gaining respect, confidence, and ultimately greater success in the organization. But how can you recognize these moments where leadership is required, and then know what to do? Step Up explains six critical "leadership moments"—everyday instances when you have a choice to shine or let opportunity pass you by. Based on their own research and extensive client work, Evans and Foster identify six regularly occurring moments and help you understand how to act wisely and decisively when those moments arise, showing how to: Get Angry, Not Stupid Avoid Terminal Politeness Decide Already Act When You are the Problem Leverage Pessimism Reverse Momentum Anyone can take advantage of opportunities to act as a leader when the time is right—and reap the rewards. Step Up is a guide to exercising leadership when it matters most, boosting your personal impact and effectiveness, and making a real difference.
