Learn How to Get Over Bookkeeping and Accounting with the Ultimate Guide to Mastering the QuickBooks Software Crunching the numbers... Doing the books... Love them or hate them, they're essential to any business if you want to avoid problems with the law and want to know how money moves in your business setup. Many people aren't fond of doing bookkeeping and accounting, with good reason. It's boring as hell for those who aren't inclined toward math. But it doesn't have to be that way. If you're tired of not knowing what to do when it's time to wrangle those numbers, if you're sick of accounting putting in a funk, then this guide is for you. In this guide, you're going to learn everything you need to know about using QuickBooks to streamline your finances and make accounting and bookkeeping a breeze. Leaving you with more time to focus on the things that really matter for your business. Here's what you're going to discover in this guide:

- A straightforward intro to QuickBooks and how your business can benefit from using this software
- Setting up QuickBooks for businesses, both new and old
- How to set up vendors for paying your bills
- Setting up employees for payroll
- Entering your payroll taxes
- Linking your bank accounts to QuickBooks
- Creating invoices, credit memos, customer payments and more
- Setting up inventory
- ...and tons more!

Whether you're a business owner, manager, accounting student or entrepreneur, this highly comprehensive and practical guide has everything you need to know about using QuickBooks to streamline your business and make you more useful and efficient in the competitive world of business.

Have you been looking for a cloud-based accounting solution for your small business? Marmel will help you determine if QuickBooks Online is right for you. Then she'll show you how to use it for all your business needs.

This edition is updated to reflect changes to the latest version of QuixikBooks, as well as provide in-depth coverage of general accounting information. Troubleshooting tips are located throughout the book.

Explains how to use QuickBooks to set-up and manage bookkeeping systems, track invoices, pay bills, manage payroll, generate reports, and determine job costs.

If your company is ready to minimize paperwork and maximize productivity, control spending and boost sales, QuickBooks 2006 can help you make it happen--but only if you know how to use it. And it doesn't come with a manual. Lucky for you, there's QuickBooks 2006: The Missing Manual, the comprehensive, up-to-date guide to saving time and money while beefing up business with QuickBooks. Award-winning author and financial whiz Bonnie Biafore helps you select the best fit for your company from Intuit's QuickBooks line of financial management software, which includes five products ranging from basic accounting software for small businesses to sophisticated industry-specific enterprise solutions. She then shows you how to tweak and tailor it to your company's needs so you can manage your finances more effectively and efficiently than ever before. If you're new to QuickBooks or to the 2006 version, you'll get started with ease and become quickly proficient with Biafore's tutorials on making and managing a company file and creating accounts, customers, jobs, invoice items, and other lists. If you're a more advanced user, you'll find countless tips, tricks, and shortcuts for becoming a QuickBooks pro. And everyone at every level will benefit from Biafore's seasoned, sensible advice on business accounting and finance. Under Biafore's expert direction, you will be able to use QuickBooks for a lot more than everyday bookkeeping. Beyond billing and payroll servicing, generating business forms and easing end-of-year tax preparation, QuickBooks 2006: The Missing Manual shows you how to use QuickBooks to accomplish things like inventory control, budget building, and report creation for evaluating every aspect of an enterprise. With Biafore's clear and friendly explanations and step-by-step instructions for every QuickBooks feature (along with plenty of real-world examples), you'll learn how to take advantage of online banking options, data exchange with other programs, and sophisticated planning and tracking tools for achieving maximum business success. QuickBooks 2006: The Missing Manual makes QuickBooks more powerful than you thought possible.
