--I didn't expect I'd fall for the four main characters as hard as I did, but *The Forgotten Child* is an amazing book, not just for a romance fan like myself, but for single parents who may or may not have a child with autism.-- Reviewer -- Adria --A Real Tear Jerker: Omg, I loved this book. I stayed up all night trying to finish it. I cried, My heart broke, I have an 18 year old with autism. This would make a fabulous movie... Tammy --"Brilliant, there is no other word for it, heart grabbing, heart warming, gut wrenching, well written well researched, wanted to read it over & over again." - Maureen In *THE FORGOTTEN CHILD*, Brad Friessen wasn't looking to love again. But what he got was a woman who shook his lonely bitter world upside down, and touched him in a way no other woman could. Emily Nelson, a courageous young mother, ends a loveless, bitter marriage and strikes out on her own. She answers an ad as a cook and live-in caregiver to a three-year-old boy on a local ranch. Ranch owner Brad Friessen hires and moves in Emily and her daughter. But Emily soon discovers something's seriously wrong with the boy, and the reclusive, difficult man who hired her can't see the behavior and how delayed his son is. So Emily researches until she stumbles across what she suspects are the soft signs of autism. Now she must tell him, give him hope, and help him come to terms with this neurological disorder--to take the necessary steps to get his child the help he needs. As their lives become intertwined, their attraction is unavoidable--a connection sparks between them. But just as they're getting close, Brad's estranged wife, Crystal, returns after abandoning the family two years earlier. Among the shock and confusion is one disturbing question Brad can't shake: How does Crystal know so much of his personal business, the inner working of the ranch, and Emily's relationship with his son? Crystal must've had a plan, as she somehow gains the upper hand, driving a wedge in the emotional bond forged between Brad, Emily, and

the children. The primary focus for care and therapy of three-year-old Trevor is diverted. The lengths to which Crystal will go, the lies, the greed, just to keep what's hers, are nothing short of cold and calculating. Emily's forced out of the house. Brad fights to save his boy, to protect what's his, and struggles over his greatest sacrifice--Emily, and the haunting question: Has he lost her forever? All he knows is she's six years old, her name is Eva, and there's someone in her house who wants to hurt her. "A new family series more suspenseful than the Friessens." Karen L. Vine Voice "This book masterfully interweaves several hot button topics and evokes feelings of anger, sympathy and even shock. A scared little girl and her calls for help are the catalyst to a situation that quickly spirals out of control and ends in tragedy." Rebmay "Deputy Marcus O'Connell has a sixth sense when it comes to crime, honed by a troubled childhood. So when a young girl calls, asking for help, he finds himself in a hostage situation of sorts with a disillusioned ex- military and a homeless single mother." over on him. It's why he's such a damn good deputy. But even Marcus dreads what cops know as the third call. When Marcus takes the call the first time, he thinks it's a prank. The second time, he knows there's a problem. The third time the call comes in and is patched through to him, he knows it's something he can't ignore. The only thing is, the girl is terrified and keeps hanging up, and Marcus knows someone is in the house with her. Where are her parents, and who is this mysterious girl who needs his help?

Karen --The focus on a women taken was a very classic ideal because it was set in a military arena. YOU have to read these books, but make sure that you have e box of tissues because you will need them. Faybe --Read this and the sequel in one sitting! The storyline was riveting and I found myself really caring about the characters. Looking forward to reading more of this author's works! Songbird--The series is worth reading, but it's hard to read also. Although I agree with the reviewer that the main character was hard to like I feel he needs to be defended also. He was who he was, even if we didn't like him or like his views of women. I don't have anyone in the military but I would assume that for a man to be the person that is responsible for a whole ship of people that he would have to be a very special person one that is different from most people. The next book in this series is so so hard to read and it

places him in an even worse light, but again I must say its a very good story and one that I believe sheds an important light on an issue that usually falls under the heading of out of sight, out of mind. I wait impatiently for the third installment in this series to see where the author takes these characters and this issue, this book is worth the time and money to read

Reviewer Sherry --Great love story. I couldn't put it down. Living near Norfolk we hear about lots of navy stories.
