Econometric Methods. The Internet has provided us with an  
opportunity to share all kinds of information, including music,  
movies, and, of course, books. Regretfully, it can be quite  
daunting to find the book that you are looking for because the  
majority of websites do a poor job of organizing their content  
or their databases are very small.

## Solution Manual Econometric Methods

The fourth edition of *Econometric Methods* by Jack Johnston  
and John DiNardo, is a rewrite of the venerable third edition by  
Johnston that sustained several generations of economists.  
As stated by the authors themselves, the reason for  
undertaking this major revision is to provide a comprehensive  
and accessible account of currently available econometric  
methodology, and in my opinion they have been successful in  
achieving their objective.
