The Subaru EJ engine is a series of four-stroke automotive engines manufactured by Subaru. They were introduced in 1989, intended to succeed the previous Subaru EA engine. The EJ series is the mainstay of Subaru's engine line, with all engines of this series being 16-valve horizontal flat-fours, with configurations available for single, or double-overhead camshaft arrangements. Naturally aspirated and turbocharged versions are available, ranging from 96 to 320 hp. These engines are commonly used

Subaru EJ engine - Wikipedia

Subaru Impreza premium engine features The Subaru Impreza has a unique engine in that it is arranged in the boxer configuration. This type of engine is also found in a few other sports cars and it has proven to be a reliable configuration where high-performance is required.

Complete Engines for Subaru Impreza for sale | eBay

Despite Subaru's track record for reliable vehicles, their 2.5 L engine has become almost infamous in the automobile industry for having problems. Specifically, these engines have been susceptible to leaking head gaskets and it was such an ongoing issue that it almost became a joke amongst mechanics.
