A book of extraordinary ambition, scholarship and accessibility, The New Penguin History of the World covers the history of our planet from our origins on the African savannah to the state of the world six years after September 11, 2001. Tracing the development of different civilizations through the ages, J. M. Roberts examines the periods of turbulence and change, the international shifts in order and power, and the conflicts, divisions, and advances that have shaped the way we live.

Indeed, The New Penguin History of Scotland is aware of Scotland's place in the wider world, dealing with (among other things) her experience of empire in the nineteenth century and, turning the tables, of being 'globalised' in the twentieth century. The book offers an overview and also an agenda for future research.

The New Penguin History of Scotland: From the Earliest ...

"The New Penguin History" is one of the new generation of histories appearing from Scotland and about Scotland, redressing the balance of centuries by recovering a Scottish perspective often lost in the broad swathe of 'British' history. The several contributors to this volume offer terse histories.
