In folklore, the witching hour or devil's hour is a time of night associated with supernatural events. Witches, demons and ghosts are thought to appear and to be at their most powerful. Black magic is thought to be most effective at this time. In the Western Christian tradition, the hour between 3 and 4 a.m. was considered a period of peak supernatural activity, due to the absence of prayers in the canonical hours during this period.

My witchathon concludes with The Witching Hour, the eleventh novel by Anne Rice. Published in 1990, I was hoping it might be the author's thirteenth book, but this goth epic of blood, sugar, sex and black magic is a monster as is. The word count is 327,360 words, 10,000 shy of Stephen King's baby high chair Under the Dome.

The phrase ▯Witching Hour▯ was first recorded sometime around 1835, though the origins seem to be from a period of time in 1535 where the Catholic Church forbade activities during the 3-4AM window due to rising concerns about witchcraft in Europe. Witch hunts, demonic activity, exorcisms, and rituals have all become intertwined with the Witching Hour, as just about any clock in a horror movie will tell you.

It's the liminal space between night and day when the veil is especially thin, sometime between 2:00 AM and 4:00 AM local time.

From the author of the extraordinary Vampire Chronicles comes a huge, hypnotic novel of witchcraft and the occult through four centuries. Demonstrating, once again, her gift for spellbinding storytelling and the creation of legend, Anne Rice makes real for us a great dynasty of witches—a family given to poetry and to incest, to murder and to philosophy; a family that, over the ages, is itself haunted by a powerful, dangerous, and seductive being. On the veranda of a great New Orleans house, now faded, a mute and fragile woman sits rocking . . . and The Witching Hour begins. It begins in our time with a rescue at sea. Rowan Mayfair, a beautiful woman, a brilliant practitioner of neurosurgery—aware that she has special powers but unaware that she comes from an ancient line of witches—finds the drowned body of a man off the coast of California and brings him to life. He is Michael Curry, who was born in New Orleans and orphaned in childhood by fire on Christmas Eve, who pulled himself up from poverty, and who now, in his brief interval of death, has acquired a sensory power that mystifies and frightens him. As these two, fiercely drawn to each other, fall in love and—in passionate alliance—set out to solve the mystery of her past and his unwelcome gift, the novel moves backward and forward in time from today's New Orleans and San Francisco to long-ago Amsterdam and a château in the France of Louis XIV. An intricate tale of evil unfolds—an evil unleashed in seventeenth-century Scotland, where the first "witch," Suzanne of the Mayfair, conjures up the spirit she names Lasher . . . a creation that spells her own destruction and torments each of her descendants in turn. From the coffee plantations of Port au Prince, where the great Mayfair fortune is made and the legacy of their dark power is almost destroyed, to Civil War New Orleans, as Julien—the clan's only male to be endowed with occult powers—provides for the dynasty its foothold in America, the dark, luminous story encompasses dramas of seduction and death, episodes of tenderness and healing. And always—through peril and escape, tension and release—there swirl around us the echoes of eternal war: innocence versus the corruption of the spirit, sanity against madness, life against death. With a dreamlike power, the novel draws us, through circuitous, twilight paths, to the present and Rowan's increasingly inspired and risky moves in the merciless game that binds her to her heritage. And in New Orleans, on Christmas Eve, this strangest of family sagas is brought to its startling climax.

Rowan Mayfair, a neurosurgeon with special powers and the descendant of a dynasty of witches, is drawn to Michael Curry, who is himself gifted with special powers following a car accident. Reissue.

This engrossing and hypnotic tale of witchcraft and the occult spans four centuries of the prominent and wealthy Mayfair family, a dynasty of witches that is haunted by a powerful, dangerous, and seductive being over the ages. The Mayfair family tries to understand and destroy the terrible force that holds the family in its power in this first book of the Mayfair Witches series.
