You'll remember journalist and critic Mick Wall as one of the gents Axl invited into the ring in the song from Use Your Illusion II. This book, proving that there aren't any hard feelings, is fair, well-researched, and reveals some new things even for those who've been following the band and the main man all along.

Mick Wall (born 23 June 1958) is a British music journalist, author, and radio and TV presenter. He has been described as "the world's leading rock and metal writer".. Wall began his career contributing to the music weekly Sounds in 1977, where he wrote about punk and the new wave, and then rockabilly, funk, New Romantic pop and, eventually, hard rock and heavy metal.

[Mick Wall - Wikipedia](#)

W. Axl Rose (born William Bruce Rose Jr.; raised as William Bruce Bailey; born February 6, 1962) is an American musician, singer, songwriter and record producer. He is the lead vocalist and lyricist of the hard rock band Guns N' Roses, and has also been the band's sole constant member since its inception in 1985. He has also toured with Australian rock band AC/DC, deputising for Brian Johnson.

A journalist who had unprecedented access to Guns n' Roses at their peak delivers a big, brash history of the band's charismatic, fantastically talented and idiosyncratic leader. W. Axl Rose Even in the world of rock and roll, a figure like Axl Rose doesn't come along very often. Mercurial and brilliant, deluded and imperious, Rose defies easy description or analysis. Few people have studied Rose as closely as Mick Wall has. Traveling with Guns n' Roses and writing about them in the late 1980s and early 1990s, Wall first earned Axl's trust and later his fury. W.A.R. goes back to the beginning, revealing Rose's childhood influences (and how he got his name), and tracking the birth of the band and their enormous success with albums like "Appetite for Destruction" and "Use Your Illusion." With fame and money came substance abuse and infighting, and a lead singer who morphed from eccentric to seemingly unhinged. Wall's book is richly detailed and offers surprising new views on some celebrated Guns 'n Roses and Axl Rose incidents, including: --the death of two fans at a concert in Donington Park in England, --Rose's fall-out and eventual split from every one of the other original Gn'R band members, --fights with perceived enemies like Kurt Cobain, Motley Crue's Vince Neil and fashion designer Tommy Hilfiger, --Rose's consistent refusal to show up at concerts throughout his career, --Axl becoming a virtual recluse at his Malibu mansion for most of the past 15 years. The book goes right up to the present, to explore why a new Guns n' Roses with a reconfigured band has toured but still hasn't released their long-awaited album "Chinese Democracy", now over a decade in the making at a cost of over \$13 million. W.A.R. is about great music, bad relationships, and the public and private personas of one of the most controversial performers of our time.

Axl Rose is one of rock's most colourful figures and yet his story has never been properly told until now. Mick Wall knew the original line-up of Guns N' Roses before they were famous and has interviewed them many times.

Axl Rose is one of rock's most colourful figures and yet his story has never been properly told. This work presents a study of the troubled life and turbulent career of the group's singer and leader. It is a biography of rock's biggest living legend.

Includes brand new chapter covering Guns N' Roses epic world tour. Many millions of words have already been written about Guns N' Roses, the old line-up, the new line-up. But none of them have ever really gotten to the truth. Which is this: Guns N' Roses has always been a band out of time, the Last of the Giants. They are what every rock band since the Rolling Stones has tried and nearly always failed to be: dangerous. At a time when smiling, MTV-friendly, safe-sex, just-say-no Bon Jovi was the biggest band in the world, here was a band that seemed to have leapt straight out of the coke-smothered pages of the original, golden-age, late-sixties rock scene. 'Live like a suicide', the band used to say when they all lived together in the Hell House, their notorious LA home. And this is where Mick Wall first met them, and became part of their inner circle, before famously being denounced by name by Axl Rose in the song 'Get in the Ring'. But this book isn't about settling old scores. Written with the clear head that 25 years later brings you, this is a celebration of Guns N' Roses the band, and of Axl Rose the frontman who really is that thing we so desperately want him to be: the last of the truly extraordinary, all-time great, no apologies, no explanations, no giving-a-shit rock stars. The last of his kind.

The New York Times bestselling epic tale of the last great rock band From the bestselling author of Hammer of the Gods comes the complete story of Guns N' Roses ? from their drug-fueled blastoff in the 80s to the turbulent life of legendary singer Axl Rose, and his fifteen-year, multimillion dollar quest to make the perfect hard rock album. Riotous world tours. Drug-induced rampages. One hundred millions albums sold. In his sixth major rock biography, Stephen Davis details the riveting story of the last great rock band. Watch You Bleed documents the life of every band member, including the improbable story of W. Axl Rose. Davis brilliantly captures the Guns' raw power ? from the gutters of Sunset Strip to the biggest stadiums on the planet. Based on

exclusive interviews, private archives, and packed with stunning revelations, *Watch You Bleed* is the savage, definitive, and highly unauthorized story of Guns N' Roses. For the first time, millions of fans will learn the whole truth about this legendary band.

The first significant fresh reporting on the legendary band in twenty years, built on interviews with all surviving band members and revealing a never-before-seen side of the genius and debauchery that defined their heyday. Veteran rock journalist Mick Wall unflinchingly tells the story of the band that pushed the envelope on both creativity and excess, even by rock 'n' roll standards. Led Zeppelin was the last great band of the 1960s and the first great band of the 1970s—and *When Giants Walked the Earth* is the full, enthralling story of Zep from the inside, written by a former confidante of both Jimmy Page and Robert Plant. Rich and revealing, it bores into not only the disaster, addiction and death that haunted the band but also into the real relationship between Page and Plant, including how it was influenced by Page's interest in the occult. Comprehensive and yet intimately detailed, *When Giants Walked the Earth* literally gets into the principals' heads to bring to life both an unforgettable band and an unrepeatable slice of rock history.

Jimmy was a down-at-heel guitarist in New York, relying on his latest lovers to support him while he tried to emulate his hero Bob Dylan. A black guy playing white rock music, he wanted to be all things to all people. But when Jimmy arrived in England and became Jimi, the cream of swinging London fell under his spell. It wasn't that Jimi could play with his teeth, play with his guitar behind his back. It was that he could really play. Journeying through the purple haze of idealism and paranoia of the sixties, Jimi Hendrix was the man who made Eric Clapton consider quitting, to whom Bob Dylan deferred on his own song 'All Along the Watchtower', who forced Miles Davis to reconsider his buttoned-down ways - and whose 'Star Spangled Banner' defined Woodstock. And when his star, which had burned so brightly, was extinguished far too young, his legend lived on in the music - and the intrigue surrounding his death. Eschewing the traditional rock-biography format, *Two Riders Were Approaching* is a fittingly psychedelic and kaleidoscopic exploration of the life and death of Jimi Hendrix - and a journey into the dark heart of the sixties. While the groupies lined up, the drugs got increasingly heavy and the dream of the sixties burned in the fire and blood of the Vietnam War, the assassination of Martin Luther King and the election of President Richard Nixon. Acclaimed writer Mick Wall, author of *When Giants Walked the Earth*, has drawn upon his own interviews and extensive research to produce an inimitable, novelistic telling of this tale - the definitive portrait of the Guitar God at whose altar other guitar gods worship. Jimi Hendrix's is a story that has been told many times before - but never quite like this.

Guns N' Roses fans know the Use Your Illusion tour went on nonstop from 1991 to 1993. They know that concerts sold out in minutes all over the world so fans could hear chart-topping singles *Welcome to the Jungle*, *Sweet Child of Mine*, *Paradise City*, and *November Rain* live. They know the Use Your Illusion tour was the last for the band with Slash and Duff. But they've only heard rumors of the behind-the-scenes shenanigans. Fortunately for fans, Craig Duswalt hasn't just heard rumors—he knows what went on backstage on one of the longest and most popular music events because he lived it. As Axl Rose's personal manager during the ridiculously long world tour, Duswalt experienced things that would make most people run the other way and never look back. And in *Welcome to My Jungle*, he shares the sometimes hilarious, sometimes just plain reckless, and always insane actual happenings on the tour. A true must-read for Guns N' Roses fans, *Welcome to My Jungle* delights readers with hilarious and entertaining exclusive firsthand stories like: "The day Axl Rose, Kurt Cobain, and Courtney Love got into a "huge war" backstage at the MTV Awards "Why Guns N' Roses are forever linked to Charles Manson "The night Liz Taylor walked in on a very nude Slash—and stayed a while Featuring little-known facts for the ultimate GN'R fan, *Welcome To My Jungle* gives an inside look at what it's really like to live and work with a hugely popular band, from the middle of a rock and roll hurricane.

'Packed with war stories from a golden age of rock, and insights into the stars that made that music' CLASSIC ROCK MAGAZINE 'On reading *Getcha Rocks Off* you realise just how drastically things have changed in the rock industry but books like this perfectly evoke what they were like. Good times...' RECORD COLLECTOR Hanging out with rock stars, trying to steal their chicks, or throwing up over their guitars after launching into the hospitality a little too enthusiastically, Mick Wall spent much of the 1980s sprawled in limos and five-star hotels with the biggest rock bands in the world, including Led Zeppelin, Guns N' Roses, Metallica, Black Sabbath, Mötley Crüe, Thin Lizzy, Deep Purple, Alice Cooper, Van Halen, Motörhead and more. He was Kerrang! magazine's star writer and the presenter of *Monsters of Rock*, his own weekly show on Sky TV, and the decade passed in a blur of hard drugs, hot women, and some of the heaviest people your mother definitely would not like. Depicting a world where vague concepts like 'the future' are disdained in favour of nights that last a week and weeks that last forever, *Getcha Rocks Off* is a rock apocalypse *Cider With Roadies*, and a more frank and disturbing *Apathy for the Devil*. It is the kind of book you need to put on your leather jacket to read, open that bottle of Jack and reach for the Charlie. And let the good times roll...
