This guidebook describes 33 half- and full day walks on the islands of Malta, Gozo and Comino. The routes range from 2.5-30km, beginning with a short heritage trail around the city of Valletta. Then follows a series of walks around the coastline of Malta, with a final few moving inland to explore the island's interior, before a description of the Heritage Trail around Mdina and Rabat. Walks on Gozo start with a heritage trail around Victoria, followed by a clockwise exploration of spectacular coastal walking that allows a complete circuit of the island. The final walk on Gozo wanders over a series of little hills further inland, while the last walk in the book might be the best of them all: a circuit around the lovely little island of Comino. The guidebook also gives details of accommodation, transport and tourist information. Malta may be known as a tourist destination, but it also offers plenty of historic walks, stunningly beautiful and dramatic architecture and excellent scenery, especially around the cliffs and coastlines.

The islands are a popular tourist destination. They offer plenty of historic walks, stunningly beautiful and dramatic architecture, and a good amount of excellent scenery, especially around the cliffs and coastlines. The guide offers 33 walks round the three islands. They range from heritage trails round historic cities and towns to coastal walks, and also include the exploration of inland areas. The introduction to the guide provides practical information on getting to and around the islands, accommodation and language. There is also useful background information on Maltese history, geography, and flora and fauna.
