When life is hard, really hard, we often spend all our time pleading, begging, yelling, refusing, and questioning. While none of these things are necessarily unusual, they are missing the ultimate point. When life is hard, when things get ugly, when all hope seems to be lost[ that is when we are able to display the superiority of the life lived in God. It is in those moments of despair, when we question what is happening, when we don't know what to do, when some trials never seem to end, that we can lean most heavily on God's

promises and truths. Working his way through five questions we've all had run through our heads, trusted pastor James MacDonald helps us understand what we should do now. We begin the journey by looking at different types of "trials", figuring out exactly what we're dealing with, and recognizing that God certainly knows. Second, the obvious question: "Why?" God sees us going through trials and we long for two things: for them to be over and to know why they happened in the first place. Next, we need to know what to do with these trials when they come (and they will most certainly come). Fourth, we have all wondered it, can trials be refused? Are God's purposes really being fulfilled in the midst of this trying time? And lastly, God reveals Himself to us through these trials. . . and sometimes, they just don't ever end. Why doesn't this trial go away? God told us to expect trials—don't be surprised when they

come. Grow when they come. Find hope when they come.

Follow bestselling author, speaker, and pastor James MacDonald as he delivers the biblical hope of God's promises in the midst of life's storms. 2 Peter 1:3 refers to certain portions of God's Word as exceedingly great and precious promises. Great promises are ones that don't fall apart during difficult times; they reveal hope in the midst of the storm. Precious promises are ones that we find strong enough to hold us up and resilient enough to get us through. God's promises become exceedingly great and precious to us when nothing else will do. By way of digging into the theology of God's Promises, Pastor James uncovers 5 major categories of promise in the Bible and the 5 areas about which God repeatedly makes promises. From what to do with fear and doubt to God's goodness,

Widely hailed as one of the finest humorist of the twentieth century, James Thurber looks back at his own life growing up in Columbus, Ohio, with the same humor and sharp wit that defined his famous sketches and writings. In *My Life and Hard times*, first published in 1933, he recounts the delightful chaos and frustrations of family, boyhood, youth odd dogs, recalcitrant machinery, and the foibles of human nature.

six and a half years, longer than his three predecessors combined. He led the US Intelligence Community through a period that included the raid on Osama bin Laden, the Benghazi attack, the leaks of Edward Snowden, and Russia's influence operation on the 2016 U.S election. In *Facts and Fears*, Clapper traces his career through the growing threat of cyberattacks, his relationships with Presidents and Congress, and the truth about Russia's role in the presidential election. He describes, in the wake of Snowden and WikiLeaks, his efforts to make intelligence more transparent and to push back against the suspicion that Americans' private lives are subject to surveillance. Finally, it was living through Russian interference in the 2016 presidential election and seeing how the foundations of American democracy were--and continue to be--undermined by a foreign power that led him to break with his

instincts grown through more than five decades in the intelligence profession, to share his inside experience. Clapper considers such controversial questions as, is intelligence ethical? Is it moral to intercept communications or to photograph closed societies from orbit? What are the limits of what we should be allowed to do? What protections should we give to the private citizens of the world, not to mention our fellow Americans? Is there a time that intelligence officers can lose credibility as unbiased reporters of hard truths by asserting themselves into policy decisions? Facts and Fears offers a privileged look inside the United States intelligence community and addresses with the frankness and professionalism for which James Clapper is known some of the most difficult challenges in our nation's history.

Do your Monday actions reflect your Sunday worship? How about your claims to faith? Is your life full of noticeable changes and actions? James, the half-brother of Jesus, wasn't impressed with talk. He knew that a life of faith was all about actions that revealed a difference in a person's life. For him, it was not that works save the Christian, but that they mark the Christian.
